MAKE YOUR OWN Frisbee Tic-tac-toe

Create your own... Frisbee tic-tac-toe! This is such an easy activity to get your kid out of the house and moving!

WHAT YOU NEED:

- 8 Frisbees
- Colored duct tape
- 1 heavy shower curtain or tarp

1

Using the tape, create a tic-tac-toe grid on your shower curtain or tarp OR you can go ahead and tape right on the ground if needed

2

If your frisbees are the same color, use the tape to mark X's and O's on them so you can distinguish whose is whose

3

Time to play! Take turns throwing a single frisbee towards the board. The game is over when one team has landed three of their frisbees in a row onto the board (up, down, across, or diagonally)
